A MONTHLY TOWN OF BARNSTABLE NEWSLETTER

## OCTOBER 2018

### From The Town Manager

Dear Reader:

We are fortunate on Cape Cod to experience all four seasons. Each brings its own beauty and reminds us of how lucky we are to live, work and play in Barnstable. The recent hurricanes and tropical storms down south remind us that we must be prepared for what the weather may bring.

As we begin the fall season, we are reminded of the changes that not only happen in nature, but in government as well. We have already begun work on the FY2020 budget process. Finance Director Mark Milne provided the Town Council and staff with the FY2020 Budget Calendar last month. The Town Council and School Committee will hold their annual joint meeting to review the Town's Financial condition as presented by the Finance Director in early November. Department heads are actively preparing their proposed Capital and Operating Budgets for FY 2020 with a renewed focus on quality of life, fiscal stability, and the provision of quality service.

Remember "the world is run by those who show up" and your vote counts! If you have not already done so, voter registration for the November election ends on Wednesday, October 17<sup>th</sup>. More information about this year's election is provided under the Town Clerk's section of this newsletter.

Wishing you a pleasant fall,

*Mark S. Ellis*

### *Mission Statement of the Town of Barnstable*

Happy Halloween,

Ann M. Quirk, Town Clerk

## **A Message From The Town Collector:**

Where did the summer go?

It has been a very busy year for me and my staff and we are rapidly approaching the due date of the real estate and personal property tax bills for the second quarter of FY2019. PLEASE NOTE: you should have the coupon that indicates the amount due for the November remit, which was mailed in the three part bill back on June 29, 2018. If you have any questions, please call our office at **508-862-4054**. This is the taxpayers responsibility. We have been on a quarterly billing system since FY06 and many taxpayers are still confused. If you have a question, it is better to call one of the staff members at the office than not to call as a delay in payment can be more expensive for the taxpayer. Once again, a schedule of payments is included in your mailing of the tax bills.

### **Payment Schedule for Real Estate and Personal Property Taxes for Fiscal 2019**

- |   |   |
|---|---|
| • Preliminary Tax Bills were mailed June 29, 2018 | • Actual Tax Bills will be mailed by Dec 31, 2018 |
| • 1st Quarter due Aug. 1, 2018                    | • 3rd Quarter <b>due</b> Feb. 1, 2019             |
| • 2nd Quarter <b>due</b> Nov. 1, 2018             | • 4th Quarter <b>due</b> May 1, 2019              |

Any change in ownership, mailing address or anything that needs to be changed on your bill should be addressed immediately with the Assessor's office. The amount of returned mail for various reasons is incredible and we do our best to try to find the correct destination, but the staff does not have a lot of time to devote to this issue. There are several billings that go out for motor vehicles and sewer rental that need to be posted along with the normal duties, leaving very little time to do "catch up". The taxpayers expect a lot of the staff and we have tried to be most accommodating; however, the time restraint placed on the staff with the quarterly billing process leaves little time to be so accommodating.

We wish you an enjoyable Fall season!

Regards,

Maureen Niemi, Town Collector

And staff of Jennifer and Jill

## Superintendent's Corner

Greetings!

The new school year is well underway. Students are settling into their learning routines and staff are busy providing engaging and rigorous curriculum. All of this buzz and activity is taking place with a renewed focus of student and staff safety. A key component of school safety is a positive school climate, and the relationships between adults and students. In addition to supporting a positive school climate, our schools are enhancing school safety. Our enhanced safety protocols for the 2018-19 school focus on the following areas:

**Access to schools is limited to one main monitored entrance.** The main office in each school will implement procedures that require the identification and intended purpose of every visitor to our schools.

**Visible visitor name badges.** Visitor badges allow staff to immediately identify a visitor. All visitors, including parent volunteers, are expected to wear visitor badges. Information about our new visitor information management system is below.

**Student identification badges.** Beginning with the 2018-19 school year, all students are required to have identification badges with lanyards. Schools will implement developmentally appropriate practices with the badges.

**Anonymous tip line system.** This year we are launching an anonymous tip line system that students, parents, and community members can use. Our partnership with the Sandy Hook Promise Foundation is also detailed below.

**ALICE** is the district's new response system to emergencies involving school intruder scenarios.

**School Resource Officers.** We are grateful for our partnership with Chief Sonnabend and the Barnstable Police Department. Through the efforts of Mark Ells, Town Manager, Barnstable Public Schools has four members of the Barnstable Police Department serving in the capacity of full time School Resource Officers.

### Visitor Management System

Beginning in October all BPS schools will begin using a new visitor management system known as Raptor.

Raptor is a web-based, software program developed to help schools keep track of and manage their visitors, students and faculty. Raptor allows school staff to easily log visitors, produce visitors' badges and check all visitors against registered sex offender databases.

All visitors will be required to check-in in the school's main office before going anywhere else in the building. Office staff will require all visitors to provide an acceptable form of identification, which staff will scan into the Raptor system. The system only scans the visitor's name, birth date and photo. The visitor's information is then automatically compared to a national database of registered sex offenders from all 50 states. If a match is found an alert will be generated. If there is no match, a visitor's badge will be generated and the visitor will be permitted to proceed to their intended destination. The visitor's badge must be worn at all times.

### Say Something Partnership

This year BPS is partnering with the Sandy Hook Promise Foundation (SHPF) to introduce and provide middle and high school students access to the "Say Something" phone app, website and hotline. "Say Something" is an anonymous reporting system intended to help students know how to look for warning signs, signals and threats - especially on social media - from individuals who may want to hurt themselves or others and to "Say Something" to a trusted adult or by using the anonymous reporting system.

Staff from the SHPF will be in Barnstable in October to introduce the system and provide student training.

### ALICE Training

The District has formally transitioned to the ALICE protocol (Alert, Lockdown, Inform, Counter, Evacuate) as an emergency response. ALICE emphasizes proactive, options-based strategies during a school-intruder emergency.

Over the summer all BPS staff were provided an opportunity to complete an online ALICE training course. During the 2018-2019 school year we will continue to provide training and drills for staff to implement this best practice emergency response.

In Barnstable we remain committed to ensuring that all of our students attend schools that are safe, welcoming, and nurturing.

# 2018 Atlantic Hurricane Season

## Reminders to Prepare

**HURRICANE PREPAREDNESS**  
**Be Ready Before the Storm**

Hurricanes and tropical storms can impact the entire Commonwealth, not just coastal regions

<p>Use MEMA's interactive map to find out if you live or work in a hurricane evacuation zone</p>	<b>Know Your Zone</b>	<b>Make a Plan</b>	Have a predetermined emergency plan tailored to your family's needs
<p>Build an emergency kit that can sustain you and your family for 3-5 days</p>	<b>Build a Kit</b>	<b>Stay Informed</b>	As a storm approaches, closely monitor media reports and promptly follow instructions from public safety officials

### Developing Your Emergency Disaster Plan

While Hurricanes can devastate communities, we have ample warning time with which to enact a plan to insure the safety of ourselves and our loved ones.

When developing your disaster plan consider the following:

1. Where the emergency shelter is in your area.
2. What is your evacuation route.
3. The elevation of your property above mean sea level.
4. Whether or not you are located in an evacuation zone. Find out at <http://mass.gov/knowyourzone>
5. If you plan to relocate in the event of a storm, where exactly do you plan to go? Make these preparations now and be sure a call to confirm will not be required as telephone communication may not be possible.
6. What will you do with your pets during an emergency? Remember, shelters DO NOT always allow pets.
7. Know where the emergency shut off is in your home for electricity, the main panel, and for water and natural gas.
8. Be sure any / all important documents are gathered in one place.
9. Prepare your Survival Kit.

### The Emergency Survival Kit

Should meet the needs of yourself and your family for at least 72 hours.

- ◆ Non-perishable packaged or canned foods that require little or no preparation. Don't forget a can opener! (Soup, peanut butter, canned juices, vegetables, crackers, jelly, trail mix, etc.)
- ◆ One gallon of water per person per day, extra for pets. Store water in sterile, plastic containers such as empty soft drink bottles. Be sure to change every six months.
- ◆ A basic first aid kit.
- ◆ Battery operated radio and flashlight with extra batteries.

### Remember, in the event of a severe storm:

1. Secure all outdoor objects.
2. Stay away from windows.
3. Fill your tubs and sinks with water to use in your toilets if necessary.
4. Keep an eye on vulnerable neighbors.
5. If you are asked to evacuate, don't hesitate to do so!

### **The Emergency Shelter Location for the Town of Barnstable is: Barnstable Intermediate School, 895 Falmouth Road (Route 28), Hyannis (pets allowed)**

Our designated Emergency Alert Radio Station is WQRC 99.9 FM. WBZ 1030 AM is the alternate station.

## Storm Precautions

Hurricane season usually lasts from mid-August through October. Beside high winds, you can expect higher than normal tidal conditions, rough seas in protected areas, and a tidal surge of 10' or greater.

Vessels moored in high energy areas such as Lewis Bay and Hyannisport will lose the protection of the breakwater which will be submerged at high tide.

Plan ahead and be prepared. Make storm plans with your boatyard, yacht club or mooring contractor enabling them to do one or more of the following in the event of a storm:: haul your vessel, add lines, increase mooring scope, place storm anchors, move your vessel to a more protected area.

Get your boat out of the water if at all possible and place well above high water taking into account extreme tidal conditions and storm surge. Remember haul out areas and ramps will be extremely busy.

If you can't haul your vessel, you should remove:

1. All sails, roller furling, etc.;
2. All dodgers, biminis, and enclosures;
3. Antennas and electronics;
4. All non-permanent equipment (deck chairs, rafts, boxes);
5. Ship's papers and valuables; and
6. Portable fuel tanks (gas, propane).
7. Pump excess water from bilge and drain water tank.
8. Make sure batteries are charged, pump switches and intakes aren't jammed and are working freely.
9. Secure windows, hatches, seacocks, and fuel lines to engines and cooking appliances. Make your boat is as watertight as possible. Check chafing gear.

Once your boat is secured, leave. Never stay with your boat during the storm.

**ATTENTION**

From September 15th through May 15th, a personal floatation device (PFD) must be worn while paddling. All persons in a canoe or kayak are required to wear a PFD.

**REMINDER!** Dogs must be on a leash at all times. The leash must be in the hand of the person with the dog. Officers may ask to see the dog's license tag which by law must be on the dog's collar. Violators may receive a written citation. We hope you and your dog enjoy your visit but please be considerate of others during your stay. And don't forget that you must pick up and properly dispose of any waste left by your dog.

## Pumpout Boat

The Harbormasters Office requests your assistance in enhancing the water quality and the protection of natural resources. All boaters with marine sanitation devices on board are encouraged to use pumpout facilities to purge their holding tanks. The

Town of Barnstable will maintain a pumpout station at the Town marina in Barnstable Harbor, Bismore Park and two pumpout boats providing service to the south side harbors and embayments. Several private marinas also provide for this service.

The Barnstable Pumpout Boats offer this free service and operate for the boating season beginning Memorial Day weekend through Columbus Day weekend. As the boating season is underway, they will be running seven days a week. The boats can be easily identified. Both boats are white center console vessels with the lettering "HARBORMASTER" on both sides. The Pumpout Boats monitor VHF channels 16 and 09 during operating hours. Please continue to schedule pumpouts using the e-mail [pumpout@town.barnstable.ma.us](mailto:pumpout@town.barnstable.ma.us) or call the Harbormaster's office at (508) 790-6273. It is helpful to schedule pumpouts in advanced. The shore side pumpout will be available in Hyannis Harbor May through October as well as Barnstable Harbor.
