# INTRODUCTION

---

The Community Preservation Act ("CPA" Massachusetts General Law (MGL) Chapter 44B) was enacted to assist municipalities in the Commonwealth in the preservation of the following core interests:

- Acquisition, creation, preservation and support of affordable housing;
- Acquisition, creation and preservation of open space;
- Acquisition, creation and preservation of land for recreational use;
- Acquisition and preservation of historic resources;
- Rehabilitation or restoration of affordable housing acquired or created with CPA funds and;
- Rehabilitation or restoration of land for recreational use acquired or created with CPA funds.

The CPA was adopted by the voters of the Town of Barnstable in November 2004, and went into effect on July 1, 2005. This document, the Community Preservation Committee Handbook, will not only help you determine if your project is eligible, it will assist you along the way from the Letter of Intent submission to a Town Council vote for an appropriation of funding for your project.

The Act authorizes revenues to be raised from two sources in order to fund resource preservation projects: a 3% real estate tax surcharge; and fees for recording Registry of Deeds documents. A minimum of ten percent (10%) of the annual revenues of the fund must be set aside for affordable housing, open space (including recreation) and historic resources. The remaining seventy percent (70%) can be allocated for any combination of the allowed uses under CPA.

In keeping with the tenets of the CPA, the Town formed and appointed a Community Preservation Committee (CPC), consisting of 9 Members, including a member of the Historical Commission, Housing Authority, Conservation Commission, Planning Board, and Recreation Commission. The CPC has three responsibilities. The first is to develop preservation plans, undertake studies and consult with the community in order to recommend ways to address the needs, possibilities and resources for community preservation. Second, the CPC is responsible for soliciting or reviewing specific project submissions and making recommendations to the Town Manager and Town Council for the expenditure of CPA funds on each application. Lastly, the CPC has a duty to monitor each project and require compliance with the CPA by the grantees for funds awarded under this program. This may include project management, recording of legal documents, requesting reports and audits of funds expended and other duties deemed necessary to ensure proper administration of the program.

This handbook contains the general and specific criteria the CPC uses to evaluate project applications; sample application forms; and examples of projects approved by the CPC.

# GENERAL PROJECT CRITERIA

---

The Town of Barnstable Community Preservation Committee (CPC) requires that all proposed projects be eligible for CPA funding according to the requirements described in the CPA legislation.

## Historic Rehabilitation

### Barnstable Historic Archive Transcription

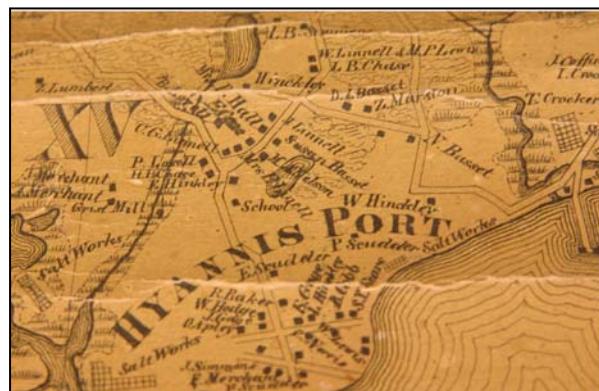

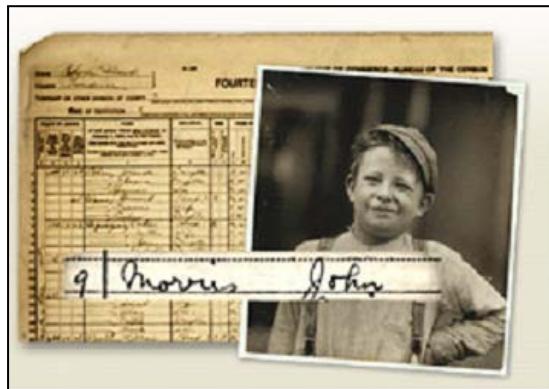

Eben L. Johnson completed the preservation and reproduction of the Barnstable Town Records, Volume 1, by photocopying, binding, and digitally scanning the transcripts with the intent to distribute to; the seven village libraries, Cape Cod Community College, five of the Cape wide libraries, five state colleges, two historical societies, the Commonwealth of Massachusetts Archives, and two for the transcriber. The original Volume 1 will have limited access which will lengthen its preservation through less handling and use. Remaining funds from this project were returned to the Historic set-aside fund source. For a small amount of funding, this project reaches many individuals across the Commonwealth.

## **Community Housing**

### **Housing Assistance Corporation - Community Housing – Lombard and Kimber Woods**

This project is the result of an RFP issued by the Town of Barnstable in October 2004 which called for 28 units of family rental housing adjacent to the YMCA and 12 units of senior rental housing in West Barnstable Village at the site of the old Lombard Farm. Affordable housing restrictions will be placed on 100% of the units at both locations that are proposed to be affordable. The units will include universal design features and there will be fully handicap accessible units at each site. The YMCA site will have 18 two-bedroom and 10 three-bedroom units in seven quadplexes arranged around a cul-de-sac. The units have been clustered so as to maximize the amount of remaining open space. The twelve units at the Lombard site will be contained within a single building that was designed to reflect the historic Lombard House which was razed in the 1970's after serving the Town's poor for decades. There will be 8 units located on the first floor, along with a community room, laundry and mail facilities and a management office. The remaining units will be located on the second floor, accessible by elevator or lift.

## Open Space

### 115 Pleasant Street, Hyannis – Open Space Acquisition

This parcel is located adjacent to the rear portion of the Maritime Museum lot and was a logical extension of the Walkway to the Sea. The project consisted of two phases. Phase I was the acquisition of the parcel and Phase II was the development of a green space/ pocket park. This project provides a missing link in the Hyannis Inner Harbor which allows residents and visitors to continue on from Aselton Park, along the bulkhead and across the subject parcel onto Pleasant Street. The \$551,132.00 request for the acquisition was in conjunction with Cape Cod Commission Mitigation Funds and Urban Self Help Grant funds for the purchase and development of the parcel. The Urban Self Help Grant funds have been reimbursed to the Community Preservation Committee by the State in the amount of \$294,300.00. The CPC funded \$260,000.00 of the total Pleasant Street Parcel Acquisition Project cost.

## ***Recreation***

### **Recreation Master Facilities Plan**

The Master Facilities Plan allows for the Town of Barnstable and the Recreation Division to plan for the creation of quality outdoor facilities for many users; which will greatly enhance existing and future recreational youth and adult opportunities while enhancing the quality of life for Town of Barnstable residents of all ages as well as visitors to the town. The Barnstable Recreation Department submitted an application to the Community Preservation Committee seeking funding to develop a Master Facilities Plan. Funding was awarded in the amount of \$60,000 in 2008. The facilities are proposed to be located on three parcels of land located on Route 132, Hyannis and will encompass approximately thirty eight (38) acres for the outdoor facility. Various options included two (2) multi-purpose green spaces (soccer/lacrosse, field hockey fields) constructed as an artificial turf facility, two (2) regulation tennis courts, a spectator path system allowing viewing of all fields, lighted fields for softball and baseball, storage building(s) and snack bar services. There is also a proposal to consider a bike path entering the property that connects to the parking lot. An analysis for all construction inclusive of annual maintenance will also be included for this project.
