Pier Maintenance Form for Marine Contractors

SE3- _____ Original Applicant's Name: _____

Project Location _____ Map: _____ Parcel: _____

Requirements for Maintenance of Permanent Piers

As a marine contractor doing business within the Town of Barnstable, you are expected to comply with the following requirements for maintenance of docks or piers and their associated structures. Please complete and return to the Conservation office prior to work.

When considering maintenance work:

- Your customer's name: _____
- Verify that a Certificate of Compliance was issued for the structure. If no Certificate exists, no maintenance may be performed.
- Review the most recently approved pier plan. To be sure, back-check with the approved plan date in the Order of Conditions and any subsequent revisions. Notify Conservation Division staff of any deviations between the approved plan and the existing structure.

If the above conditions are satisfied, move on to...

- Notify Natural Resources Division of your intent to perform maintenance and give them an accurate start-up date.
- Provide the Conservation Division with an accurate start-up date for your maintenance work.
Date: _____
- Comply with all conditions in the Order of Conditions and Certificate of Compliance.
- Comply with the approved plan. Remember: Where as-built pier footprints are in conflict with the approved plan or special conditions, approved plans and conditions shall govern.
- Of special note:
 - A. No creosote-treated wood allowed; CCA-treated wood only for large-diameter pilings and structural timber
 - B. Pilings driven; jetting only for initial pilot hole
 - C. Work mid-tides and higher to avoid grounding
 - D. Deck plank spacing at least 3/4". Grated decking to be replaced in-kind.
 - E. No lead caps on pilings
 - F. The DEP permit number and street address (at least) shall be permanently and conspicuously placed on the dock so as to be visible from seaward.

Please call us at 508-862-4093 for assistance in permit verification. Thank you for your cooperation.
