September 4, 2018

Dear Gateway Marina, Bismore Park Marina Slip Holder and Transient vessels,

The Town of Barnstable will be performing an investigation into the bulkhead along Gateway Marina and Bismore Park Marina. The primary purpose of this work is to evaluate the overall condition of the marina bulkhead and propose repairs for any deficiencies detected.

The work will be conducted from September 8th through September 18th. During this period of time you can expect a small vessel conducting hydrographic survey, divers in the water along the bulkhead, and survey crews working along the bulkhead.

With the additional marine traffic, please keep a sharp eye while navigating in the area.

Your patience is very much appreciated in the efforts to improving the condition of the Marinas.

If you have questions or concerns please don't hesitate to contact me at 508-790-6273 or via e-mail at marinas@town.barnstable.ma.us

Sincerely,

Derek Lawson
